COVID-19 PROCESSES FOR THE WIL PRACTICAL ASSESSMENT OF 3RD YEAR STUDENTS: DIPLOMA IN GRADE R TEACHING

Dear Student

Due to the Covid-19 pandemic the NWU academic staff will not be able to conduct your final WIL practical assessment. Therefore, we need to rely on students' mentors to formally assess two lesson presentations.

Please hand the attached letter of request, together with the three assessment forms, to your mentor (2X PR26; Summary of WIL results). The mentor must use a different PR26 form to assess each of the two lessons (two pages per lesson), indicate a final percentage (mark out of 100) for each lesson, and transfer these marks to the summary report (one page). Each form needs to be signed by the mentor and stamped with the school stamp as indicated (five pages in total).

NB: The mentor needs to sign the declaration on the last page. Please make sure the mentor details match that of the mentor indicated on your PR02 form that you submitted to the NWU on registration. Mentors may be contacted by the WIL office to confirm the authenticity of these final WIL assessment.

NB: If you still need to submit your portfolio, these two lessons may form part of the three lessons that you need to present to the mentor to be filed in your portfolio. HOWEVER: SUBMIT COPIES OF THESE TWO LESSONS' PR26 FORMS ONLINE **AND** ALSO FILE COPIES OF THESE PR26 FORMS IN YOUR PORTFOLIO, as evidence of two of the three lessons that need to be assessed by your mentor. Each portfolio still needs to contain evidence of at least three lesson presentations assessed by your mentor. **NB:** The PR26 forms filed in your portfolio cannot be removed by the marker of your portfolio for the purpose of the final WIL practical assessment, as it is a separate assessment process.

If you have already submitted and passed both your 3rd year portfolios, you need to <u>present</u> two additional lessons to your mentor as part of this practical WIL assessment.

Please scan and submit the three forms online (5 pages in total), using the **link**: <u>http://distance.nwu.ac.za/submit-WIL</u>

You will be required to insert the following password: wil-uodl

<u>NB! Only the two PR26 forms and the summary of WIL marks with mentor signature and declaration may be uploaded – no portfolios may be uploaded via this link!</u>

If you experience problems to submit online, please send an email to: Mrs Florrie Makaku <u>Florrie.Makaku@nwu.ac.za</u>

NB: This assessment arrangement only applies to 3rd year students who have <u>passed their</u> <u>first four portfolios</u> and therefore will be able to complete their studies in 2021.

The practical mark must be submitted by the 30th of May 2021 to form part of your first semester record.

Yours sincerely, Corné Kruger (PhD) (Programme leader)

COVID-19 PROCESSES FOR THE WIL PRACTICAL ASSESSMENT OF 3RD YEAR STUDENTS: DIPLOMA IN GRADE R TEACHING

Dear Mentor

The NWU firstly wants to use this opportunity to thank you for your continuous support to the NWU student during her/his work-integrated learning and the important role you play in equipping the student for practice.

The NWU is taking all possible measures to support students to complete their studies in spite of the COVID-19 pandemic. However, due to pandemic, academic staff of the NWU Faculty of Education will not be able to visit schools to assess the practical competence of our 3rd year students enrolled for the Diploma in Grade R Teaching. The outstanding practical mark for work-integrated learning may therefore hamper the 3rd year R.

The NWU is therefore calling on you as appointed mentor for the respective student, to continue to assist the student in the final assessment of her/his practical competence. Students who still have to submit 3rd year portfolios need to implement the **WIL tasks** and present **three lessons** in a Grade R classroom. Evidence of your assessments of these tasks and lessons is filed in the student's portfolio. HOWEVER, **two of these lessons** will also be accepted as the **formal and final practical assessment of applied competence.** (Students who have already submitted their portfolios need to present two additional lesson to the mentor as part of the practical WIL assessment.) We therefore ask that you please provide the student with comprehensive feedback and a mark for each of these **two lessons** using the forms attached (2X PR26 forms for the two formal lesson assessments and a summary report – five pages in total). Please use a different PR26 form to assess each of the two lessons and **indicate a final percentage (mark out of 100) for each lesson** as well as on the summary report. Each form needs to be signed by the mentor and stamped with the school stamp. The three forms (five pages) should be submitted online using the following **link**: <u>http://distance.nwu.ac.za/submit-WIL</u>

You will be required to insert the following password: wil-uodl

NB: Students who still need to submit a portfolio have to also file copies of these PR26 forms in their portfolio as two of the three lessons assessed by their mentor.

NB: This assessment arrangement only applies to 3rd year students who have <u>passed their first four</u> <u>portfolios</u>.

We ask that the assessment please be completed as soon as possible. If the practical mark does not reach the WIL office by the 15th of May 2021, it cannot be guaranteed that it will be processed as part of the student's first semester record but will be rolled over to the second semester of 2021.

If you are not able to conduct the practical assessment, please send an email to the WIL office administrator Mrs Florrie Makaku Florrie.Makaku@nwu.ac.za

We appreciate your cooperation in this regard.

Yours sincerely

Corné Kruger (PhD)
