

Early Childhood Development festival

in collaboration with COMBER!

We invite you to participate in celebrating and learning more about the wonderful field that we are working in! This will take place over three afternoons by means of interactive, informative, and fun online sessions!

When: 13-15 September 2021 (after school hours-evening)

Platform: Microsoft Teams (online) (we will send guidelines)

Our aim is to address topics related to teaching and learning; community engagement; and national and international views on research and innovation in ECD. The sessions will be free to attend and participate in, and we hope to strengthen the relationship between the NWU, teachers, students, stakeholders, community partners, NGOs and all other practitioners in the ECD-field.

Please feel free to share this invitation to register with your ECD-networks!
